**Monthly Report-2025**

**January**

**Department of Engineering and Technology**

**S-VYASA Deemed to be University**

**School of Advanced Studies**

## **1. Introduction:-**

This report outlines the key activities and accomplishments for the month of January, marking the beginning of the second semester for the B. Tech. Programme. The primary focus was on academic preparedness, student engagement, and infrastructure enhancements to support the new semester.

## **2. Academic Activities:**

- The second semester commenced with an orientation program from 27th January 2025 to 1st February 2025 at S-VYASA Deemed to be University.
- On 27th January 2025, day one of the orientation was conducted by Dean Dr. Mohamadi Begum, who presented an overview of the Department Faculty, Academic Overview, Student Engagement Plan, and Code of Conduct. This interactive session allowed students to discuss improvements for semester II.
- Students participated in the Draw and Tell activity, followed by filling out a Statement of Purpose form to better understand their goals and aspirations.
- A parallel session on the “Importance of Basic Sciences in CSE” was conducted by faculty members, Dr. Sowbhagya, Dr. Smrithi S P and Ms Linta Maria of Department of Science and Humanities.
- Throughout the orientation week, technical subject classes such as FEWD and PSUP were conducted, alongside sessions on English LSRW.
- Students engaged in project-based learning where they were assigned tasks such as developing websites and games under faculty mentorship.
- Faculty load allocation and timetable preparation were completed to ensure the smooth functioning of academic activities for the semester.
- Inclusion of student engagement program sessions was implemented, focusing on holistic learning and extracurricular activities.

### 3. Institutional Initiatives:

- Enhanced laboratory and classroom facilities to support the demands of the second semester.

- Strengthened student support services, including mentorship and academic counseling.

#### 4. Student Engagement Activities:

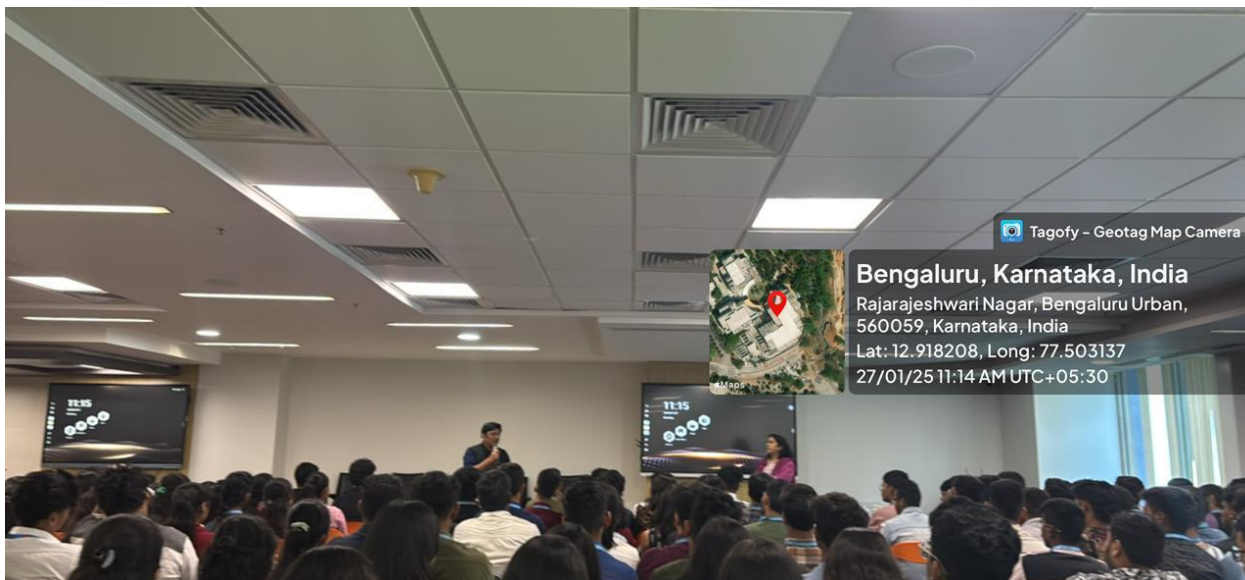

- An orientation on placements was provided, guiding students on career opportunities, interview preparation, and industry expectations.
- Students submitted mini-projects, including contributions from Suryakartheek and Prathiksha.

The Mini Project Links that the students submitted are as follows:

✚ Mini Project - Suryakartheek

✚ FEWD Project- Prathiksha

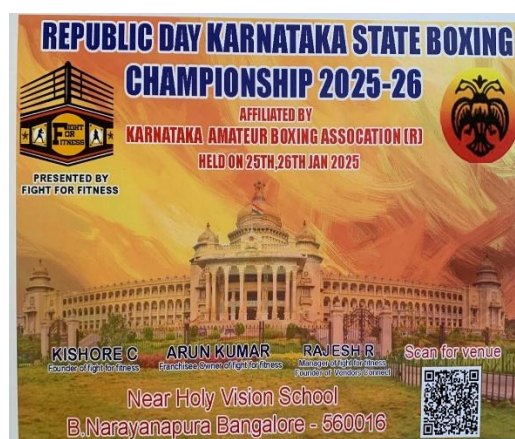

- Faculties monitored and guided students through their projects, helping them bridge theory and practice.
- In English LSRW sessions, students participated in extempore speaking, group discussions, and grammar and vocabulary activities, including a 10-question round.
- Additional student engagement program sessions were conducted to enhance skills and extracurricular participation.

#### 5. Achievements

- Our student, Ms. Ramya (AI and ML) won a gold medal in the Elite Women 45-48 kg weight category at the Republic Day Karnataka State Boxing Championship, showcasing excellence in sports.

- The faculties of Department of Science and Humanities, Dr. Smrithi S P, Dr. Sowbhagya and Ms. Linta Maria George actively participated in five days online Faculty Development Programs (FDP) on “Gen-AI and Chat GPT Application in Industry” to enhance their teaching methodologies and stay updated with the latest academic trends.
